

This
“Getting the Love You Want”
workshop can improve
relationships that are:

*Just beginning...buoyed by new
connection, new love, and new dreams*

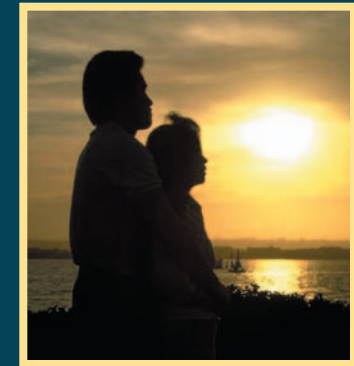

*Becoming too routine...marked by a
longing for the way things used to feel,
along with confusion over what
happened to all those dreams*

*At the breaking point...filled with
conflict, pain, confusion, despair and
little or no hope for the dreams
that once existed*

Getting the Love You Want

IMAGO RELATIONSHIP WORKSHOP

WHAT YOU SHOULD KNOW ABOUT THE WORKSHOP

Your experience will be a safe and personal one. My desire is to create a safe environment for you and your partner to explore your own issues and to take positive steps forward. You are never required to share personal information with the group. Your work with your partner will involve pairing off from the group at various times during the weekend. Share with the group only that which feels comfortable. This experience includes brief lectures, movie clips, music, and opportunities for private reflection and sharing with your partner.
